### ABOUT ME

I am a dedicated computer science student eager to launch my career in web development. With a solid academic foundation in web technologies, I am excited about the opportunity to gain hands-on experience. I am particularly keen to learn more about modern frameworks, I am looking for an opportunity as it will be the ideal starting point for me to transition from theoretical learning to practical application. I am excited to bring my passion for web development to grow both personally and professionally through this training program.

### KEY COMPETENCIES

HTML, CSS , JavaScript  
Problem-Solving  
Collaboration

Java  
Critical thinking skills  
Excellent communication skills

Basic UI/UX Principles  
Proactive and self-motivated  
Time Management

---

### PROFESSIONAL EXPERIENCE

#### Estarta Solutions

Jul 2024 - Sep 2024

#### Web Development Internship

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Completed various task-based assignments, enhancing front-end functionality and UI design.
- Collaborated with a team to implement best practices in web development.

#### Graduation Final Project

Oct 2023 - Jun 2024

#### JAWA Clinic (Online Booking System )

Developed a comprehensive website that enables patients to schedule appointments with healthcare providers efficiently. The system allows the clinics to manage appointments, and patient records, and streamline administrative tasks.

- User Registration and Authentication: Secure sign-up and login for patients and clinic staff.
- User-friendly: A simple interface helps the patient and healthcare providers interact effectively.
- Appointment Scheduling: Patients can view available time slots and book appointments online.
- Admin Dashboard: Clinic administrators can manage schedules, view patient information, and update appointment statuses.
